50X1-HUM

1. The deployment of the Albanian Army is said to have undergone certain reorganizations which, without substantially altering the pattern, would permit the Albanian General Headquarters to take new offensive-defensive measures.
2. In particular, a division (or some other large unit, possibly a brigade), formerly deployed in the Shkoder-Kopliku sector, is reported to have been recently transferred to the Gjinokaster region to reinforce those units presently located along the Greek border.
